

Press Release Quick Tips

*New 90 Series - LED panel mount indicator offer superior construction and longer life.
Cartridge, Bi-Pin and Wire Leads Termination Styles*

Distribution Date: April, 2018

Product Name: 90 Series

Product Description: 0.290" (7.37mm) LED Panel Mount Indicator

Key Markets/Applications:

- Industrial equipment
- Transportation
- Signal indicator
- Maintenance and warning display
- Status indication
- Instrumentation
- Trucks
- Aircraft

Key Benefits	Product Specifications
<ul style="list-style-type: none"> • Cartridge, bi-pin and wire leads termination styles for use with spring retainer clip, socket holder or wiring plugs • Available with a variety of LEDs including AlInGaP and InGaN technology for high brightness applications, bi-color and with integrated resistors • Available in six single colors: red, green, white, blue, amber, orange and in one bi/color: red/green with or without lens • Offered with a variety of lens options: cylindrical, flush, dome, wide cylindrical or wide flush all featured with fresnel pattern lens which provide excellent light focus and assure maximum light output • Spring retainer clip and washer (included) secures uniform placement of the indicator to the panel and is ideal for high vibration environments • Watertight socket options for splashdown environments • For use with spring retainer clip (included), socket holder (PS90 or PS90T - sold separately) or wiring plug (SH90 or CSH90 - sold separately) • Designed for quick installation in display panels and reduces overall cost due to less-frequent replacements 	<ul style="list-style-type: none"> • Prominent LED panel mount indicator • Panel hole diameter: 0.290" (7.37mm) • Built-in LED can be used with DC circuits (2 to 60 VDC) or 120VAC circuits • Terminal Styles: Cartridge, Bi-Pin and Wire Leads (6" 24 AWG wire leads) • Offered with a variety of LEDs • Single color: red, green, white, blue, amber and orange • Bi-color: red/green • Available with no lens, cylindrical lens, flush lens or dome lens • Black bezel offering to enhance LED contrast • Resistant to shock and vibration • Mounting hardware provided (spring retainer clip and washer) • For use with socket holder (PS90 or PS90T - sold separately) or wiring plug (SH90 or CSH90 - sold separately) • Watertight socket options for splashdown environments • Compliant with RoHS and REACH requirements
